

Success Stories: Good practice for dairy cow/ calf welfare

Country	Ireland
Theme	Cow & calf welfare
Summary	Infographics were developed as a collaboration between University College Dublin and Teagasc, to provide a visually appealing and informative summary of the welfare needs of both dairy calves and cows. The infographics are divided into 4 animal welfare domains: good feeding, good health, good environment and good farmers/ stockperson and a number of recommendations made within each to help inform farmers and provide a visual aid for those advising them.
Origin	UCD/ Teagasc
Start Date	2022
Target	Farmers
Topics	Good feeding, health, environment and behaviour
Knowledge transfer	Infographics
Impact	unknown
Strengths	Concise and visually appealing resources
